DIGITAL LUX METER

PRODUCT PHOTOGRAPH
NUNES Certified Instrumentation

PRODUCT SPECIFICATION

Measuring Range	0 to 50,000 Lux (3 Ranges)
Measurement Accuracy	±4% rdg ± 0.5% f.s.
Sampling Rate	2.0 times per second
Display Type	High Contrast Multi-Line Digital LCD
Power Supply	9V DC Alkaline Battery (6F22)

PRODUCT DESCRIPTION

The NUNES Digital Lux Meter is an industrial metrology instrument engineered for precise luminous intensity verification across industrial plants, quality laboratories, and architectural lighting installations. Built for certified repeatable readings, this instrument features silicon photo diode filtering, rapid zero adjustment, and ergonomic casing.

KEY FEATURES

- Certified high photopic spectral sensitivity matching CIE standard curves
- Rugged compact casing engineered for reliable handheld field operation
- Clear digital LCD ensuring instant illumination readings under low ambient light
- Separate light sensor allowing flexible measurement at optimal angles
- Rapid electronic response time with instant data hold functionality
- Low battery warning indicator and auto zero-adjustment capability
- Engineered for extended operating life and minimal calibration drift
- Complies with NUNES certified metrology and international quality standards
